Sustainability Objectives for 2024

1. SCB retains carbon neutrality in 2024 and evaluates improvements toward net zero by 2030.
2. SCB will publish a Sustainability and Impact Report by the end of 2024.
3. SCB will support the abatement of 1 billion MT of CO₂ through SCB's transactions by 2030.
4. SCB will measure and encourage the positive outcomes of the Carbon Projects it is financing and will issue regular updates to stakeholders
5. SCB will finance projects targeting most-at-need communities in least developed countries.
6. SCB will maintain SCB's Environmental Training up to date with relevant sustainability trends and available for all staff members.
7. SCB will endeavor to maintain its minimum of 30% of female screened interview candidates aggregated across all roles and apply a 30% minimum female candidate requirement to interviews for junior level positions.
8. SCB will report internally on progress towards other SCB's Diversity Goals, with the objectives to promote equity and inclusion.
